To all MEPs signatory to the letter on vaccinations in the Occupied Palestinian Territory

Honourable Members of the European Parliament,

Thank you for your letter of 14 January.

In its recent Communication to the European Parliament, the European Council and the Council on ‘A united front to beat COVID-19’, the Commission highlighted its full involvement with the multilateral response to the coronavirus crisis and stressed the need to ensure wider international access to vaccines. In line with this spirit of global cooperation and solidarity, Team Europe has contributed with more than EUR 850 million to the COVAX Facility and, is its largest donor. The EU will maintain its support to COVAX, through which the Occupied Palestinian Territory, as part of the group of 92 low and middle income partners belonging to COVAX, will receive cheaper doses
